ARINI BYNG &
GEORGIA HUTCHISON /
ADULT CONTEMPORARY

Nov 26 - Dec 20, 2014

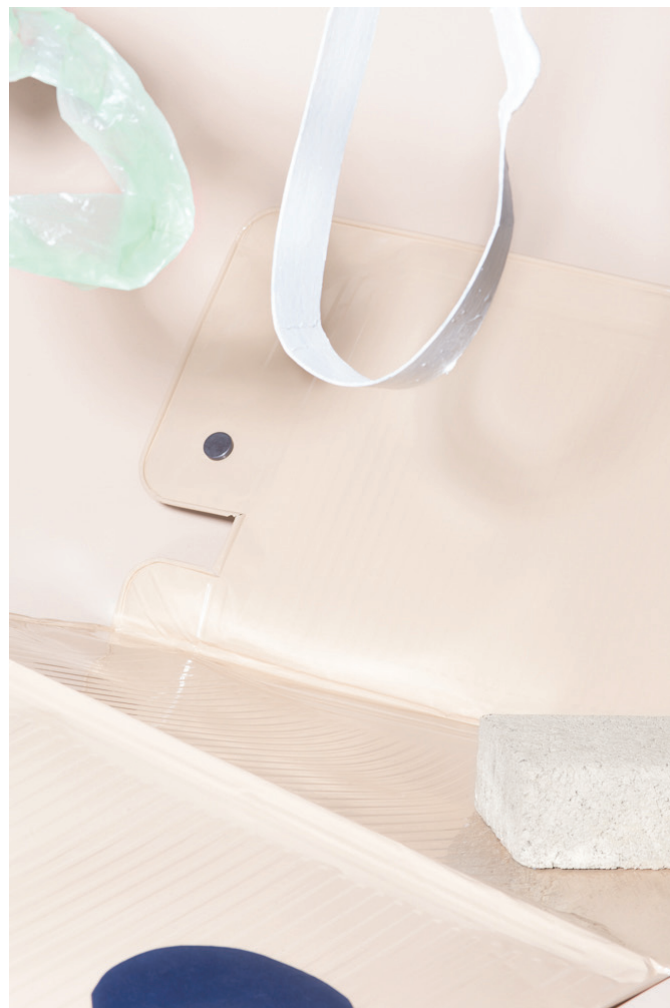

Adult Contemporary extends on the collaborative practice of Arini Byng and Georgia Hutchison. Through an open-ended enquiry of sampling, combining and collapsing material elements, the work negotiates the contemporary still life oeuvre. Manipulating haphazard encounters of surface-light-thing, Byng and Hutchison engage with the gestures found within the photography studio.
